III. THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

The Long version of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English. The Code is also available on the FEI's website: <http://inside.fei.org/>.

Not only is it scientifically proven to be the most absorbent on the market but it also it contains almost no dust so highly recommended for all animals, especially those suffering from COPD. It is also 100% biodegradable and therefore supports the FEI Sustainability ambitions. The product has been tested over several years at both CSI5*W London and CSI5* Windsor as well as by athlete members of the Organising Committee. Most importantly, it has also been endorsed by numerous top international grooms from the equestrian disciplines of Dressage, Driving and Jumping and received approval from those grooms using the product. The OC urges you to join us in this significant move towards a more sustainable environment. Initial bedding free (5 bales total per stable). Further bales will be charged to the competitor @ €15 per bale. Straw and wood shavings will be available for those horses who cannot be bedded down on cardboard, principally for veterinary reasons.
